

Introducing Our Early Retainer Program

Part of the WesTax, Inc “Peace of Mind” Bundle

When you get audited by the IRS you can expect
3 things - stress, aggravation, and a big bill for representation.

The IRS just received over 80 billion in funding from Congress, of which, over 40 billion is being directed to enforcement and collections. IRS auditors and collection officers must get as much as possible to meet their mandates. A quick source of revenue is from the audits they conduct year in and year out.

That means that **EVERY** taxpayer must protect themselves from the stressful and intrusive process. Just because you have done everything right in your tax return does not mean you will be exempt from examination. WesTax, Inc has a way for you to protect yourself - **NOW!**

Westax, Inc’s “Early Retainer” Program Can Save You **TONS** of Money and Give You **Peace of Mind!**

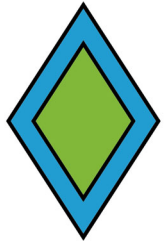

Here’s the save money part...

The program eliminates the high fees taxpayers incur when the IRS select them for audit.

Clients who wish to participate in our “Clients-Only, Fixed-Fee” service will pay a retainer of \$89.95 (or \$139.95 for complex returns) at the time of the 2023 tax return preparation (if purchasing separate from our “peace of mind” bundle.)

If the 2023 return is **EVER** selected for audit (during the 3 years it is open for audit), we will provide representation for free. That is it, no extra fees, no hidden charges, nothing!

Audit representation fees frequently exceed \$2,000. That means you could save thousands by taking advantage of this special “Clients-only” offer. We deliver this service ourselves, unlike some companies who would farm it out to someone you do not even know.

WesTax, Inc

Here's the peace of mind part...

Clients will enjoy the comfort of knowing they have experienced professional representation ready to deal with the IRS on their behalf. The "Early Retainer" program covers the Federal tax returns for all 3 years that the IRS has the right to audit the return.

Here's how it works...

The service is only available for tax returns that were covered by the "Early Retainer" program at the time they were prepared and must have been prepared by us. Fraudulent returns are not covered, We reserve the right to refuse unilaterally to provide the "Early Retainer" audit representation program on any return.

NOTE: Failure to provide information needed to properly prepare a return is not covered.

If you wish to take advantage of the "Early Retainer" audit representation program, sign below and return this form with your tax return information. Your tax return bill is your record of participation in the program and we will make an appropriate entry in your tax return file.

Now you don't have to respond to notices either – 2024 Special Bonus

If you **EVER** receive a notice from the IRS about the 2023 tax return, we will respond to them on your behalf. You simply call and let us know that you have a notice, provide us a copy and we will respond and represent you as described above. Fees for this service alone can easily run 10 times the cost of the early retainer program. This bonus means you never face the tax man alone!

This special offer is only available to clients of WesTax, Inc. Register today to protect yourself from the stress and expense of a tax audit!
